# Press Release

## **Lake County Residents Invited to Attend Coastal Flood Map Open House**

*Members of the public can review new preliminary floodplain maps for the Lake Michigan shoreline and talk to experts about how the maps can impact communities and property owners*

HAMMOND, Ind. – Representatives from the Federal Emergency Management Agency (FEMA) will host a Flood Map Information Open House on Dec. 11 for Lake Michigan shoreline communities of Lake County. The open house will provide residents with an opportunity to review a recently completed preliminary Flood Insurance Study (FIS) and its accompanying preliminary Flood Insurance Rate Maps (FIRMs).

The FIS and the FIRMs provide base flood (also known as the 1-percent-annual-chance event) information, designate areas that are subject to significant flood hazards within the shoreline areas of the county and offer information that public officials may use when permitting development in the floodplain.

Representatives from various local, state, and federal agencies will provide the most current information about flood risk, flood insurance, floodplain development regulations, and the process for floodplain mapping within Lake County. The newly prepared preliminary floodplain maps will be on display. Once the maps become effective, they will be used as the basis for flood insurance ratings as well as local flood protection regulations adopted under the National Flood Insurance Program. FEMA also intends that they be used as tools to assist planning processes and outreach efforts to quickly respond to and recover from future events. Details for the Lake County meeting are as follow:

WHAT: Lake County – Public Open House meeting  
WHEN: Wednesday, December 11, 2019, from 5:00-7:00 p.m.  
WHERE: Hammond Port Authority  
Clipper Room  
701 Casino Center Drive  
Hammond, Indiana 46320

Property owners, Realtors, lenders, and insurance agents are urged to attend and take advantage of this opportunity to learn more about coastal flood risk and hazard mitigation within their community. Digital files of the Preliminary FIRMs and FIS report can be downloaded at
